Roberto—

We received your email, and as noted we have terminated the license. We have no objection to you returning the financial instrument.

Kevin, Mike:

When the State of Oklahoma became an Agreement State in September 2001 the State requested Region IV to maintain custody of ConocoPhillips' financial assurance instrument of 1M dollars (letter of credit and standby trust agreement). Mark Farnsworth, ConocoPhillips' RSO, has informed Region IV that the State terminated license OK-07402-11 on August 12, 2009 and provided copy of the terminated license and DEQ letter stating that the Ponca City, OK, location of use has been released for unrestricted use. Mr. Farnsworth also requested that the financial assurance instrument held by Region IV be returned to him (see attachment). Since financial assurance is no longer required for License OK-07402-11, Region IV plans to return the financial assurance instrument to Mr. Farnsworth. Please let me know if there is any objection from the State to this transaction. Thank you.
